

Application of : Judah Z. Weinberger
Serial No. : 09/803,773
Date Filed : March 12, 2001

On page 1, line 8, after "herein", insert
--now U.S. Patent No. 6,200,256.--

a1
Submitted herewith is a substitute page 1 which includes this change.

On page 8, line 25, change "adhesing" to --adhering--.

Submitted herewith is a substitute page 8 which includes this change.

In the Drawings:

NE
Please replace Figure 1 with substitute Figure 1 attached hereto. The only change to Figure 1 is to add the legend "PRIOR ART".

In the claims:

Please amend the claims to read as follow. Attached are marked up copies of the claims showing the changes made, along with an extra clean copy of these claims.

sub 2
a2
1. (Twice Amended) A tube segment for treating a disease process in the vicinity of a luminal structure, said tube segment including radioactive material for producing radiation for treating a disease process, said tube segment [being adapted to be longitudinally slid over and carried by a balloon catheter having a catheter shaft and balloon for insertion in the luminal structure, and being made of expandable and collapsible material, whereby the shape of the tube segment may be determined by the shape of the balloon.]
